## 7.2.1 Best Practices ( 2023-24)

### Best practice -1

#### Title: - Workshop on skill enhancement in Hand Embroidery

#### Goals:-

- To develop entrepreneurship skills of the students
- To make them self-reliant

#### Context:

A seven days workshop was organized from 05/02/2024 to 10/02/2024 on the theme skills of hand embroidery. Dr.Madhuri Khobragade and prof. Dipti Brahmanekar were the demonstrators of the workshop. A demonstration on types of stitches was given to the students in the workshop

#### Practice: -

Seven days workshop was organized from 05/02/2024 to 10/02/2024 on the theme skills of hand embroidery. The students organized an exhibition of their finished art. The exhibition gave the students the opportunity to market their work, put it for sale and get orders. The skills developed through the workshop helped the students to get orders and they got financial benefits as well.

#### Evidence of Success:-

- A total of 70 students benefited from the workshop.
- Students learnt the art of hand embroidery.

#### Problems encountered and resources required:

- Students coming from poor background were unable to purchase required materials.
- Difficult to market finished items.

## Best Practice – II

Title: - Blood Donation Camp : 'Safe Blood for all'

### Objectives of the practice:-

- To rise global awareness of the need for safe blood & blood product for blood transfusion & critical contribution voluntarily.
- To encourage those who have not yet donated blood to start donating.
- To focus attention on donor health quality of donor care as critical factors in building donor commitment & willingness to donate regularly

### The context: -

A blood donation camp was organized on 13th October, 2023 with the courtesy of K.T.S Hospital Gondia & Manohar Bhaipatel Academy in Collaboration with SSGC & HDFC Bank blood donation foundation Gondia. It is a novel attempt on behalf of college to involve one & all associated with the college to promote the blood donation for healthy atmosphere because healthy mind in healthy body. It is a life saving camp for human beings.

### The practice–

- In the beginning, students registered themselves by filling forms.
- Students weight was measured by technician
- Students, teaching and non-teaching staff donated the blood
- Blood units were collected by technicians of K.T.S. Hospital.
- At the end of activity, certificates of ministry of health were distributed to the donors

### Evidence of success :

- Total 35 people registered in blood donation camp.
- Total 14 units of blood collected.

### Problems encountered and resources required:

1. Initially students & faculty members were in fear but gradually realize the significance of this practice and value of donation.
2. Lack of awareness is seen among students and faculty members.
3. College along with technicians provided the required resources for smooth blood donation.
